

EUROPEAN COURSE ON THE PATHOLOGY OF LABORATORY ANIMALS

Third Edition

Organized by The D.E.S.V. of Veterinary Pathology
& The C.L. Davis Foundation

In partnership with:

The French Society of Veterinary Pathology

INSTITUT PASTEUR - PARIS (FRANCE)

APRIL 20-24, 2009

Preliminary Program

MONDAY

- | | |
|-------------|--|
| 08h15-08h45 | Registration |
| 08h45-09h00 | Introducing remarks |
| 09h00-10h30 | Basics of mouse genetics : strains, genetic background and nomenclature
Xavier MONTAGUTELLI, Institut Pasteur, Paris (France) |
| 11h00-12h30 | Interfering Factors & Health Definition of Laboratory Rodents
Patrick HARDY, Merial, Lyon (France) |
| 14h00-15h30 | Clinical Pathology of Laboratory Animals
Nancy EVERDS, Amgen, Seattle, DE (USA) |
| 16h00-17h30 | Clinical Pathology of Laboratory Animals (<i>continued</i>)
Nancy EVERDS, Amgen, Seattle, DE (USA) |
| 17h30-18h30 | Current Trends & Evolution of Regulations: Impact on Studies & Experiments
Patrick HARDY, Merial, Lyon (France) |

TUESDAY

- | | |
|-------------|--|
| 09h00-10h45 | Infectious Disease of Mice and Rats
Charles CLIFFORD, Charles River Laboratories, Wilmington, MA (USA) |
| 11h15-12h30 | Infectious Disease of Mice and Rats (<i>continued</i>)
Charles CLIFFORD, Charles River Laboratories, Wilmington, MA (USA) |
| 14h00-15h00 | Diseases of the rabbit
Bruce H. WILLIAMS, Armed Forces Institute of Pathology, Washington, DC (USA) |
| 15h00-16h00 | Pathology of Pigs
TBD |
| 16h30-17h30 | Pathology of Fish & Amphibians
Cory BRAYTON, Johns Hopkins University, Baltimore, MD (USA) |

Third Edition

WEDNESDAY

- 09h00–10h30 Diseases & Neoplasms of Aging Rats
Charles CLIFFORD, Charles River Laboratories, Wilmington, MA (USA)
- 11h00–12h30 Diseases & Neoplasms (Phenotypes) of Aging Mice
Cory BRAYTON, Johns Hopkins University, Baltimore, MD (USA)
- 14h00–15h30 Non-human Primate Pathology (Part 1)
Franz J. KAUP, German Primate Center, Goettingen (Germany)
- 16h00–17h00 Non-human Primate Pathology (Part 2)
Franz J. KAUP, German Primate Center, Goettingen (Germany)
- 17h00–17h45 Pathology of the domestic ferret
Bruce H. WILLIAMS, Armed Forces Institute of Pathology, Washington, DC (USA)

THURSDAY

- 09h00–11h00 Major Diseases of Hamster, Gerbil & Guinea pigs
Bruce H. WILLIAMS, Armed Forces Institute of Pathology, Washington, DC (USA)
- 11h30–13h00 Health monitoring of rodent & rabbit colonies in breeding & experimental units.
Werner NICKLAS, German Research Center, Heidelberg (Germany)
- 14h00–17h00 Session A*: Histopathology Practical Session
Cory BRAYTON, Johns Hopkins University, Baltimore, MD (USA)
et al
- Session B*: Necropsy & Sampling Techniques For Clinical Pathology & Histopathology
Laurence FIETTE, Institut Pasteur, Paris (France)
& Mohamed SLAOUI, Sanofi-Aventis, Paris (France)
- 17h30-18h30 Immunodeficient Mice
Werner NICKLAS, German Research Center, Heidelberg (Germany)

FRIDAY

- 09h00–12h00 Mock Practical/Gross Exam (Blend of ECLAM & ECVF Oriented Questions)
Cory BRAYTON, Johns Hopkins University, Baltimore, MD (USA) et al

*: Session A is recommended for Veterinary Pathologists
Session B is recommended for Laboratory Animal Vets
